

Broke Brokers

September 14, 2023

Meeting Notes

Attending

Chrisdonia Isabelle Charles
Rebecca Elusme
Moody Sheblack
Dominique Proulx

Regrets:

Taylor Mervil
Junior Peumi

Decisions items

- Formed the team of 6
- Decided team name : Broke Brokers
- Isabelle created the Rep and the Readme in github and the gmail account
- Teamlead was decided : Dominique Proulx
- Html , css , javascript and php will be used for the website
- The moodle file was created – but not uploaded to moodle because the folder was not there
- Dominique created the discord group

Discussion

7:15p.m. to 8:10 p.m.

- A list of everybody's web programming skills was made to decide on which approach to take for the website.
- Dominique will upload the first minute to the GitHub docs after the class.
- Checklist of sprint 1 will be made and discussions about roles and separation of the list will be done via discord.

Next meeting agenda

Each's brainstorm on originality and innovation

Confirm that the technologies chosen are appropriate after researching it

- SQL for Brokers database and Properties
- PHP for retrieval and show of info
- HTML and CSS for structure and look

Update on everybody's tasks – on time ? need help?
